

Welcome to Independent Retirement Living

 **Printing Charity**
We're here for you.

Our friendly, sociable independent living communities in Basildon and Bletchley are especially for people retired from a career in print, packaging, paper, publishing or graphics.

The developments are purpose built and affordable; people receiving housing benefit are welcome to apply. Help is on hand if needed, through a small on-site team and out-of-hours community alarm service.

“ It’s really nice here.
I’m very glad I came.
– Rose, resident ”
